General Environmental Requirements for Suppliers of products and services

1 GENERAL REQUIREMENTS

1.1 The Supplier shall, as a minimum, comply with applicable environmental legislations and directives.

1.2 It shall be the Supplier's aim to fulfil the intentions and requirements of ISO 14001.

Example of Areas to be included in this ambition:

- a) An Environmental policy**
- b) List of environmental aspects**
- c) Environmental objectives and an environmental action plan**
- d) A process for handling waste and hazardous waste**

Note that Formal certification is recommended and viewed as a merit during the supplier assessments.

1.3 The Supplier shall primarily offer PartnerTech Karlskoga AB products and services that are eco-labelled. It shall also be the Supplier's aim to replace any existing noneco-labelled product with eco-labelled alternatives.

1.4 Environmental charges linked to delivered products and services shall be included in the quoted price.

2 COMPLIANCE AND AUDIT

2.1 The Supplier shall, at the request of PartnerTech Karlskoga AB, be able to show that the environmental requirements in this document and additional requirements are being fulfilled.

2.2 Compliance with the requirements may be checked by PartnerTech Karlskoga AB at audits.
